

## Covid-19 Checklist for Shearing Contractors and Farmers 2020

14 April 2020 (updated 3 June 2020)

**Please note:** as this is a rapidly changing situation, this guidance may change at short notice and it is important to stay up-to-date with the latest advice from [Government](#) and the [NHS](#) daily.

It will not be business as usual this season and shearers, wool handlers and farmers must work in partnership to ensure everyone is safe and that animal welfare is protected. The process will inevitably be slower, but risks must not be taken, and co-operation, collaboration and patience will be vital. This checklist should be read in conjunction with Industry Guidance on Shearing:

<https://www.naac.co.uk/wp-content/uploads/2019/05/Industry-Shearing-Guidance-2019-1.pdf>

**Please note:** this may not be a comprehensive list and you must think through your own business requirements, follow best practice and be certain you do a full health risk analysis to keep everyone safe.

Checklist of Actions:	Done
<b>General</b>	
<ul style="list-style-type: none"> <li>No personnel must be present at shearing if showing <a href="#">symptoms</a> of Coronavirus and must follow <a href="#">guidance on self-isolating</a>.</li> </ul>	
<ul style="list-style-type: none"> <li>Ensure all personnel can maintain a minimum of 2m separation and use the minimum number of people required to undertake the job.</li> </ul>	
<ul style="list-style-type: none"> <li>Hand-washing facilities should be available for everyone to wash hands with soap and water regularly for a minimum of 20 seconds. If hand-washing facilities are not available, wipe off any visible dirt and then use hand sanitiser. As a minimum, shearers must wash hands before leaving home, after each farm shearing, at the end of each shearing run before eating/drinking and on arrival back home.</li> </ul>	
<ul style="list-style-type: none"> <li>Do not touch your eyes, nose or mouth with dirty hands, before washing (including if wearing gloves)</li> </ul>	
<ul style="list-style-type: none"> <li>Cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze – ensure all staff are aware - put used tissues in the bin immediately and wash your hands immediately afterwards</li> </ul>	
<ul style="list-style-type: none"> <li>Where possible, shearers should travel to jobs in their own vehicle. Extra vehicles may be necessary. If not possible, maintain a 2m separation, and keep the window open for ventilation and be careful not to touch your face. On leaving the cab, you must wash your hands with soap and water for 20 seconds or more or use hand sanitiser when you cannot wash your hands.</li> </ul>	
<ul style="list-style-type: none"> <li>If shearers are being accommodated, ensure that you can comply with social distancing. Please refer to <a href="#">AHDB guidance</a> for information.</li> </ul>	
<ul style="list-style-type: none"> <li>Do not allow any visitors, including children, where shearing is taking place – put up warning notices at entrances.</li> </ul>	

**National Association of Agricultural Contractors**

The Old Cart Shed, Easton Lodge Farms, Old Oundle Road, Wansford PE8 6NP

Tel: 01780 784631 Website: [www.naac.co.uk](http://www.naac.co.uk)

<ul style="list-style-type: none"> <li>• Communicate with shearers and farmers remotely, using mobile phones/email etc, to avoid direct contact.</li> </ul>	
<ul style="list-style-type: none"> <li>• Take <a href="#">appropriate steps</a> to protect staff and customers at higher risk</li> </ul>	
<b>Machinery and Equipment</b>	
<ul style="list-style-type: none"> <li>• Keep to one-shearer-one machine. Each shearer must be responsible for their own kit (eg putting up and taking down their machine and dropper) and cleaning.</li> </ul>	
<ul style="list-style-type: none"> <li>• Clean vehicle cabs thoroughly after use by each member of staff using disinfectant eg door handles, steering wheel and all areas likely to have been handled.</li> </ul>	
<ul style="list-style-type: none"> <li>• Clean vehicle cabs thoroughly after work and in the morning using disinfectant eg door handles, steering wheel and all areas likely to have been handled.</li> </ul>	
<ul style="list-style-type: none"> <li>• Wash hands regularly after touching 'shared' equipment (eg when setting up trailer).</li> </ul>	
<ul style="list-style-type: none"> <li>• Only individual shearers to handle their own shearing kit and only farmers to handle their hurdles/on-farm equipment.</li> </ul>	
<b>On Farm:</b>	
<b>Before Visiting Farms</b>	
Have a telephone or email conversation between contractor and farmer to agree how the shearing will operate. Confirm details on the day of shearing to check if anyone's health has changed. Agree:	
<ul style="list-style-type: none"> <li>• That no-one will come into contact with anyone who is self-isolating.</li> </ul>	
<ul style="list-style-type: none"> <li>• Agree that everyone will remain at least 2m apart. There will be no direct contact between shearers and farm personnel, except to prevent human injury or if an animal requires further restraint/needs immediate medical treatment. If necessary, agreed how people will keep themselves safe for a short time i.e. use masks and facing away from each other.</li> </ul>	
<ul style="list-style-type: none"> <li>• Ensure that hand-washing facilities are available – or equip personnel with wipes/hand sanitiser (agree beforehand who will provide facilities)</li> </ul>	
<ul style="list-style-type: none"> <li>• Plan of work - discuss how sheep will be moved and how social distancing can be maintained</li> </ul>	
<ul style="list-style-type: none"> <li>• Assume that all surfaces could be contaminated and try and keep separate work areas for contractors and shearers</li> </ul>	
<ul style="list-style-type: none"> <li>• Ensure that facilities will be available for hand-washing and disinfecting machinery and staff before they leave the farm</li> </ul>	
<ul style="list-style-type: none"> <li>• Farmer will disinfect all necessary work areas before shearers arrive.</li> </ul>	
<b>On-Farm and Shearing</b>	
<ul style="list-style-type: none"> <li>• Keep everyone at least 2m apart: <ul style="list-style-type: none"> <li>○ Consider making a temporarily partition between stands or not using all available stands;</li> <li>○ Shearers should avoid entering pens at the same time;</li> </ul> </li> </ul>	

**National Association of Agricultural Contractors**

Tel: 01780 784631 Website: [www.naac.co.uk](http://www.naac.co.uk)

<ul style="list-style-type: none"> <li>○ This includes shearers and farm personnel who may be moving sheep – remember you can spread the virus even if you don't have symptoms.</li> </ul>	
<ul style="list-style-type: none"> <li>● Stay a minimum of 2m apart – including in races, shearing pens and during breaks.</li> </ul>	
<ul style="list-style-type: none"> <li>● Following shearing, kick wool off the board to maintain a minimum 2m distance for the wool wrapper at all times or consider using a 'broom' to pull wool off the boards.</li> </ul>	
<ul style="list-style-type: none"> <li>● Disinfect shearing equipment between each farm and retain one set of equipment for each shearer</li> </ul>	
<ul style="list-style-type: none"> <li>● Change clothing and moccasins before moving to the next farm; bag clothes at each site and wash before wearing again.</li> </ul>	
<ul style="list-style-type: none"> <li>● Wash hands for 20 seconds before leaving the farm</li> </ul>	

Farmer's Responsibilities	
<ul style="list-style-type: none"> <li>● Liaise with your shearer (see above) and work in partnership to protect everyone's health.</li> </ul>	
<ul style="list-style-type: none"> <li>● Ensure you, your staff and shearers remain at least 2m apart at all times</li> </ul>	
<ul style="list-style-type: none"> <li>● Provide hand-washing facilities where possible, otherwise provide hand sanitiser.</li> </ul>	
<ul style="list-style-type: none"> <li>● Please be ready and prepared for your shearer's visit. The industry will be under additional pressure this year and it will be important to have well-presented sheep ready to be shorn when the team arrives. Please follow best practice including: <ul style="list-style-type: none"> <li>○ <i>Well-designed handling system</i></li> <li>○ <i>Take appropriate measures to ensure sheep presented for shearing do not have full stomachs, by yarding appropriately without food or water ahead of shearing.</i></li> <li>○ <i>No wet sheep, no dags</i></li> <li>○ <i>Do not combine drenching, parasite control, or other procedures at the same time as shearing</i></li> <li>○ <i>Provide a safe, level, dry area for shearing.</i></li> </ul> </li> </ul>	
<ul style="list-style-type: none"> <li>● Disinfect the work area and surfaces before shearers arrive.</li> </ul>	
<ul style="list-style-type: none"> <li>● Do not allow any visitors, including children, where shearing is taking place – put up warning notices at entrances.</li> </ul>	
<ul style="list-style-type: none"> <li>● Ensure personnel remain at least 2m apart even in raceways and loading the shearing trailer. Allow shearers to move away before approaching the trailer.</li> </ul>	

As this situation is changing daily, please keep updated on the latest Government guidance and if you have any questions or concerns please contact the NAAC staff and we will try and assist.
